2. RELEVANT EXPERTISE AND PROFESSIONAL EXPERIENCE:

Bertus van Tonder Town Planning Consulting (Pty) Ltd specialises in land-use planning and development management, with more than three decades of experience in this highly regulated and technically demanding field.

The firm's expertise covers the full spectrum of town-planning applications, including but not limited to:

- Removal of restrictive title deed conditions
- Subdivision and consolidation of land
- Consent use and rezoning applications
- Township establishments and large-scale developments

The firm adopts a strong client-focused approach, characterised by:

- Regular progress feedback
- Direct access to professional planners
- Proactive engagement with local authorities

A key strength of the practice lies in its established working relationships with municipalities and regulatory bodies, enabling efficient navigation of complex approval processes.

The firm has extensive experience working as part of multi-disciplinary professional teams, and is recognised for its strong collaboration, communication skills, and practical problem-solving ability.

In addition, the firm provides full in-house CAD layout and design services, particularly for township developments, ensuring seamless integration between planning, layout design, and statutory compliance.

3. TRACK RECORD OF COMPLEX DEVELOPMENTS

Mr Bertus van Tonder's professional background includes experience in both the public and private sectors, providing him with a comprehensive understanding of policy formulation, statutory decision-making, and implementation realities.

Throughout his career, he has been involved in prominent golf and residential estate developments, including:

Woodhill Residential Estate (Pretoria)
Highland Gate (Dullstroom)
Cornwall Hill Estate (Centurion)
Mooikloof Residential Estate (Pretoria)

Beyond residential development, the firm has successfully managed a wide range of commercial and mixed-use developments, including:

Shopping centres
Filling stations
Income-generating residential developments

This breadth of experience allows the firm to approach each project with a strategic, commercially informed, and context-sensitive mindset.
