8. Software Proficiency

Microsoft Word, Excel and Power Point

Caddie (Computer Aided Design) Software

9. Key Experience

I am a specialist in Land Use Planning and administration with more than 30 years' experience in this specific field. My expertise range from applications such as removal of restrictive conditions, subdivisions to large scale developments such as Township Establishments. In my career I have handled nearly a thousand land use applications.

I have worked in multi-disciplinary professional teams on many occasions and regard myself as a team player with excellent people skills.

I also specialize in providing feasibility studies for developers with regards to the costs of developments in conjunction with a highly skilled professional team of engineers and other professionals.

During the course of my career I have been fortunate to have worked in both public- and private sector. I have had the opportunity to work as part of the professional team on Golf and Residential Estates such as Woodhill (Pretoria), Highland Gate (Dullstroom), Cornwall Hill (Centurion), Mooikloof (Pretoria) amongst other.

Over and above residential developments I have also gained experience on a vast number of commercial developments over the years, ranging from shopping centres to filling stations as well as various income type residential developments.

My firm currently consist of 2 professional planners and 2 Candidate Planners and an administrative assistant providing weekly progress reports to clients on their land use applications.

9. Interest and Hobbies

I am a keen mountain biker and also enjoy the outdoors, especially camping. Music and theatre is a great love of mine and my family enjoy attending live performances ranging from classical to contemporary.

I am also involved in community work and community upliftment projects. I am a strong believer in giving back to communities in terms of transferring of skills and involvement in mentorship programmes.
